

2021 Child Support Guidelines Chart

All dollar amounts are weekly, for one child under 18 years old, rounded to the nearest dollar.

If the payor's available income from line 3a of the Child Support Guidelines Worksheet is in the shaded region of this chart, use the support amount listed below, regardless of the recipient's income.

Otherwise, use the support amount for the combined available income of both parents from line 3d of the Worksheet.

If available income falls between two numbers, use the lower support amount.

Enter the support amount on line 3e of the Child Support Guidelines Worksheet.

Available Income	Support Amount	Available Income	Support Amount	Available Income	Support Amount	Available Income	Support Amount	Available Income	Support Amount

2021 Child Support Guidelines Chart

All dollar amounts are weekly, for one child under 18 years old, rounded to the nearest dollar.

If the payor's available income from line 3a of the Child Support Guidelines Worksheet is in the shaded region of this chart, use the support amount listed below, regardless of the recipient's income.

Otherwise, use the support amount for the combined available income of both parents from line 3d of the Worksheet.

If available income falls between two numbers, use the lower support amount.

Enter the support amount on line 3e of the Child Support Guidelines Worksheet.

Available Income	Support Amount	Available Income	Support Amount	Available Income	Support Amount	Available Income	Support Amount	Available Income	Support Amount
